OK, let's review: *Entertainment*. In a world where life leaps in bits and bytes, *fun* should be a very important word in our everyday lexicon. Right? Absolutely. That's what Accolade

software is all about...and this year, it's truer than ever. **F**irst, browse Accolade's acclaimed library of SPORTS and DRIVING simulations. Take a peek at *Test Drive III: The Passion* and *Jack Nicklaus' Unlimited Golf & Course Design*. What could be more fun than roaring down a lush canyon corridor in a Lamborghini Diablo? Or nailing Muirfield's 18th green with a monster 2-iron, then holing out for eagle?

This year also marks Accolade's blazing entry into the imaginative world of the ANIMATED GRAPHIC ADVENTURE. Check out *Search for The King*, *Elvira: Mistress of the Dark*, and *Altered Destiny*—three titles that push this hot category to new levels of sophistication.

Accolade also launches into the STRATEGY genre with three rockets: *Stratego*, one of the most popular strategy games of all time; *Ishidō*, an instant classic; and *Star Control*, which combines deep strategy with white-hot, arcade-action tactical combat.

And then, when you're ready for something completely different, check out Chris Crawford's *Balance of the Planet*, his "Earth Day" sequel to the runaway hit *Balance of Power*. **S**o go ahead. Flip pages. See what the best has to offer. The name of the game is *entertainment*. And that's Accolade.

GOLF

Imagine being a golf god. Wave a wand, and fairway mounds suddenly rise from the earth. Lakes appear. Trees sprout and move—all magically, with push-button ease. Now come back to reality...and take a look at an amazing design program that lets you do all of that.

Jack Nicklaus' Unlimited Golf & Course Design™ combines the most realistic computer golf game available with an amazing Course Designer that gives you the power to create your own signature golf courses. Course routing, bunker & pin placement, trees and other objects, slope, hills, water—virtually every aspect of golf course design is at your fingertips.

Create totally unique holes, or recreate golf's greatest holes. Jack says: "I enjoy giving each hole its own character—adding bunkers, water, hills and trees to create strategic options. Legendary holes are not only beautiful or difficult—they also make golfers *think*."

Play two pre-designed, ready-to-play courses. Trek across **Muirfield Village**, one of the Top Ten courses in the world and site of Jack's annual Memorial Tournament; and **The Bear's Track**, a dream course designed by Jack exclusively for Accolade.

Play the game like you never have before. Says Jack: "Instant-replays and reverse-angle replays, updated statistics, variable wind and course conditions, plus faster drawing speeds make this the absolute standard in computer golf!"

Elvira needs you, bad. Help her battle ghoulish warriors in furious, flesh-rending, real-time combat. Use your spellbook to mix potions, ward off evil spirits. Totally icon driven. So easy to play, it's scary.

You'll get a head with this game. Gruesome fun at its finest. Horror-movie realism. Would you expect anything less from the Mistress of the Dark™?

The sizzle of a Graphic Adventure, the depth of an FRP. More than 100 hours of frighteningly realistic gameplay. Darkly beautiful graphics, digitized voices, a haunting soundtrack. All this, and Elvira's chest too! (Hidden in the castle. Holds a secret scroll. Made of wood. Hey, get out of the gutter.)

FANTASY ADVENTURE

ACTION STRATEGY

So Elvira® buys this castle, Killbragant. OK, it's got an interesting floor plan—mazes, battlements, moats, catacombs—nearly 800 locations in all, in fact. But you'd think the real estate guy would have mentioned certain things, like maybe the bloodthirsty demon who lives there. And, oh yeah, *minions*. Hundreds of 'em. Hideous night howlers who want to slaughter the waking world. Geez. What's a girl to do?

For information about the Elvira Fan Club:

Marshal your forces wisely. Then lean hard on the trigger finger. *Star Control* combines deep strategy with arcade-action tactical combat.

Construct and deploy your fleet. Explore new stars. Build mines, colonies, fortifications. Select one of the nine strategic battle scenarios. Then brace for some of the hottest battle action you're likely to see on a computer screen.

As veteran commander of an Alliance fleet of battle-cruisers, you've been dealing death to starships of the evil Hierarchy for years now. But the isolated skirmishes of years past are over. Engage now in a titanic struggle for control of the galaxy. Target the enemy's home star system... but don't leave yours unattended. Because in the yawning cavern of deep space, *Star Control*™ is everything.

*89¢ FIRST MINUTE, 60¢ EACH ADDITIONAL MINUTE. IF YOU ARE UNDER 18 YEARS OF AGE, YOU **MUST** HAVE YOUR PARENT'S PERMISSION TO CALL.

When it comes to love and obsession, **Les is more.** More amusing, more outrageous, more titillating. Being Les Manley, your secret crush on the luscious Stella Hart leads you on a whacked-out journey from here to Kingdom come. Find the clues. Then bring on the babes.

It's a three-ring circus out there, man. Literally. Manley's quest takes you to some pretty exotic locales. Meet Luigi, The World's Strongest Man. Then go to Las Vegas, the place that makes any circus seem like an afternoon in the library.

Find the King, get a check. But first you have to do a stint as a King impersonator. It can be brutal. Especially if you're good. Because there's a raging mob or two out there. And they'd do anything to get a little closer to the King's aura.

Millions believe him to be the greatest entertainer of all time. Millions more, it seems, are willing to capitalize on his fame. TV station WILL (corporate slogan: "If the networks won't show it, we sure as hell will") is one of the latter millions. Now you, as Les Manley, must *Search for the King™* in order to win the heart of your boss's secretary and (speaking of millions) a \$1 million prize offered by WILL's cynical promotions department.

*\$54 FIRST MINUTE, \$34 EACH ADDITIONAL MINUTE. IF YOU ARE UNDER 18 YEARS OF AGE, YOU **MUST** HAVE YOUR PARENT'S PERMISSION TO CALL.

One minute you're just a guy eating nacho flavored popcorn. The next you're sucked through a television set into a fantastic alien world filled with exotic landscapes and mesmerizing life forms. Welcome to the surprising new destiny of P.J. Barrett.

Written by fiction-writer Mike Berlyn, *Altered Destiny™* features breathtaking graphics, and takes you on a wondrous adventure through a fantasy world — assuredly unlike *any* you've seen before. Say hello to Alnar the Metal Shaper. (But don't shake his hand; it secretes acid). Meet Tentro, a thin but friendly creature. Steer clear of the thieving Kleeegs. And definitely avoid The Howlers, odd disgusting creatures who swim beneath a lake of fog.

Take a plunge into a parallel world. And we do mean *plunge*. Of course, being sucked into a fractal dimension is never easy. But exploring your *Altered Destiny* is definitely worth a few moments of sheer shrieking terror.

This is not Pittsburgh. It's a world of odd vistas, and even odder inhabitants. We're talking *very alien* aesthetics. Some regions are magnificent, stunning. Others are positively postmodern.

Towhee knows. But will he tell you? Meet librarians and other interesting people. Shrewdly extract information. It might also be good to avoid grisly death or dismemberment. That would not be a good destiny.

War & Peace.

Can you plot the perfect victory?
Accolade's adaptation of *Stratego* gives you all the features of the classic game, plus multiple game options and much more. Take on the computer. Plan your advance. Challenge the opposition. And capture the enemy flag.

Now, a classic comes to the computer screen! *Stratego*® is truly one of the greatest gameboard favorites of all time. Secretly deploy your army onto the battlefield. Your mission — protect your flag, and capture the enemy's flag. Advance, attack boldly... but don't neglect your defense. The suspense builds as your men move deeper into enemy territory. Move with caution and courage. And remember: *The next piece you attack could be a bomb.*

The Chinese called it *Shih Tao*. The ancient Celts called it *Runa futhark*. The Mayan Indians called it *Kami-a-hota*. The Japanese called it *Ishido*.™ Yet, regardless of origin, it all translates into the same thing: *The Way of Stones*. From the first move, this ancient game and beautiful puzzle recalls the depth of chess and the simplicity of Go.

Nominated BEST STRATEGY GAME OF THE YEAR by the Software Publishers Association, *Ishido* will call upon your deepest powers of strategy and intuition as you match 72 stones on a board of 96 squares. Discover the secret of 4-Ways — the heart of *Ishido* — and why, to some, *The Way of Stones* is more than just a game.

Strategy, Patience, Chance, Intuition.
Play a power game to amass points and compete against the clock. Or play for elegance, meditating over each move with the deliberation of a Master.

After thousands of years, the Stones have returned to the world. Empty the pouch. Discover the secret of 4-Ways. Then let the *Ishido* Oracle reward you with insights and answers to your innermost questions.
